FINANCIAL AND COMMERCIAL

MARKET WAS VERY DULL. New York, Jan. 31.—Trading in the stock market today was again very dull and altogether inconclusive. Interruption to wire service by the storm contributed to these conditions, but there was little in the situation over the week-end to effect any change of sentiment.

Advices from principal railway termi-nals indicated a slight gain in the move-ment of tonnage and the middle west re-ported a better demand for bonds, coupled with heavy sales of loanstuffs, the latter resulting in extensive liquidation of

Further cits were announced in crude and refined oils, however, and the trend of general industrial conditions, almost without exception, was marked by many additional wage reductions and similar retrenchment features.

Deciaration of the regular dividend on Studebaker Common infused a measure of strength to motors and their subsidiaries. This was accelerated by news that govern's of the ingrest motor companies in the Detroit district had resumed operations on a 30 per cent production basis. Olls. notably General Asphalt, Associated Mexican Petroleum and Houston, and coppers, as represented chiefly by American Smelting, made up the better part of the session's professional opera-

Prices tended upward in the last hour. Smelting leading the way, but gains were largely if not entirely forfeited on the rise of call money to 8 per cent. the market closing with an easier tone. Sales amounted to 500,000 shares.

The 8 per cent, demand rate naturally strengthened suggestions of tighter local money in the coming month. Remittances to London, Paris and Brussels reacted perceptibly, ikewise the German quotation and Shanghai rates broke 5 cents on another decline of bar silver in

the London market.
The bond market showed further absurptive capacity several new domestic and foreign issues being over-sub-acribed. Liberty bonds, however, were moderately lower. Sales (par value) ag-gregated \$12.550.000. Old U. S. 48 regstered rose 1-2 per cent, on call.

call on President Alessandri and the contracting company, cabinet members, who will review a pa-Tuesday afternoon and President Ales-sandri will give a banquet Tuesday night. The government has placed special trains at the disposal of Admiral Rodman, on which five hundred sailors will travel daily to and from Santiago on sight-seeing trips. The fleet will receive visitors, beginning Tuesday.
